

In September 2022, Ignacy Jan Paderewski Academy of Music in Poznań ([www.amuz.edu.pl](http://www.amuz.edu.pl)) in cooperation with Menntaskóli i tónlist, as a result of winning a grant competition on the basis of a submitted, original application, started the implementation of the project entitled CULTURE 3.0. The contemporary role of culture in building an integrated society by connecting artistic circles from Poland, Norway and Iceland.

The project is intended to reduce economic and social differences within the EEA, increase awareness of the need to adapt the activities of people operating in the cultural sector to the current market requirements (including: the public and the business world) and strengthen the tripartite relations between partners in the field of culture through the implementation of joint initiatives: - 3 training cycles in three thematic blocks, - 40 concerts with a varied plot, - music workshops (including, among others, the 18th edition of the Poznań Flute Session and the Summer Academy of Music), and the preparation of 11 hard results (1 sheet music and didactic publication, 3 educational textbooks, 1 textbook in Braille, 2 CDs and new music literature - 4). The project sets THREE strategic goals: 1. strengthening awareness of the role of culture in building an integrated civil society, 2. increasing knowledge and creating activities in the field of transculturalism and preserving Jewish cultural heritage, 3. strengthening tripartite cooperation in a partner group composed of representatives of the world of culture from Poland , Iceland and Norway, which is to lead to the most effective fulfillment of specific objectives and the implementation of the assumed results of the submitted Project.
